

TO THE GREAT CAMP

Custer Post invites the Veterans to Accompany it.

WILL BE FULLY REPRESENTED

As it has the Choice of Position in the Great Department Parade at Indianapolis.

The local grand army posts have everything in readiness for their journey to Indianapolis next Monday to attend the national encampment. Each post voted some time ago to go down in a body as a post but from present indications Custer post will be the only one to leave here with any thing approximating a full representation of its membership. This post has been given the choice of position in the department parade and the officers will make an effort to get as good a representation of it as possible at the encampment. The veterans will leave here Monday morning at 7:30 over the Chicago and West Michigan road and Custer post extends an invitation to all posts in this part of the state to start with them on the local road. All made entering in the city will run special trains next Sunday for the accommodation of those who wish to start from here Monday morning.

The resort season at Ottawa Beach has nearly closed, and the season of summer visitors has begun. The bath houses, amusements, restaurant and laundry have been closed, but L. H. Wilkinson and the remainder of the employees of the hotel will remain there for a week or two for the accommodation of those who tarry and late visitors.

Printers Versus Cigar-makers.
In the language of the Fifth ward September 4 will be a dead cold day for the cigar-makers. The printers are after them, and have formerly challenged the Havana leaf manipulators to celebrate Labor day with a game of ball. The typeographical union has not been selected yet; but it is understood that every man is a non-gutter and a grand stand feller. The wager will be a box of Unionmen filler cigars against a 25-cent ticket.

Guild, superintendents of speed for the Kent County fair, reported to Secretary Cox yesterday that they had decided to have a team race on Thursday, September 11, open to farm teams only, for a mile heat. The prizes offered are a saddle, robe and bridle.

A warrant was issued yesterday for the arrest of Charles G. Godfrey for keeping his saloon open Sunday. NO ONE TO SUPERINTEND.

Jail Work Said to be Laid In.
The work on the foundation of the Kent county jail is progressing slowly under the direction of the committee of the board of supervisors and the architect. An experienced builder said yesterday that he believed the committee was making a mistake in not having a superintendent for the work. The board of supervisors authorized the committee to hire a superintendent but they are going ahead with the work and as a result a foundation may be laid which will cause the whole foundation to settle and crack the same as the police station has done. The specifications state that the builder shall excavate deep enough to insure a sound foundation, but they have only gone as deep as the old jail foundation and that is not so deep as it should be to insure a good solid structure. The committee in charge proposes to have a superintendent later in the season, but a superintendent is more needed on the foundation than any other part of the building.

TIS NOW CAPT. TAYLOR.
John H. Taylor Promoted by a Vote of His Comrades.

First Lieut. John H. Taylor of Company B is no longer a lieutenant. At a special session to fill the vacancy caused by the appointment of Captain Newmy to a place on the general staff held last night, Mr. Taylor was unanimously elected to the highest place in the gift of his comrades. His competitors were Col. W. T. McGurran and First Sergeant Frank E. Giddings. An informal ballot was taken, but the vote was so largely in Mr. Taylor's favor that the ballot was made formal and he was declared unanimously elected. Sergeant Giddings was elected first lieutenant.

HE WAS TRAMPLED ON.
Dennis Ryan Thrown Under The Hoofs of a Circus Horse.

Dennis Ryan, 21 years old, driver for M. Lewis, was seriously and perhaps fatally injured on Edgewood avenue yesterday morning during the circus parade. He drove to last street to watch the parade, but his horse became frightened and threw him directly beneath the feet of one of the circus teams. He was trampled on until the blood gushed from his eyes, nose and ears and it was supposed that he was dead when he was picked up. He was taken to Dr. Kelley's office and from there to his home on the corner of Terrace street and Spring avenue. Dr. Kelley says he is not certain how seriously the man is hurt, but thinks he may be able to save his life. No one who saw the accident attaches any blame to the driver of the circus team.

READ THIS!

For over three years I have suffered from the worst form of Catarrh of the head and throat, but neglected it until my bronchial tubes became inflamed. I was always running phlegm or mucus. I was short of breath, my sleep at night was restless and broken by another spell. My chest felt as if there was a weight upon it. My nostrils were completely closed. I had been repeatedly told that there was no help for me. Almost without hope, I called upon Dr. Pilcher. I was benefited from the first. I feel like altogether a new man, and cannot say too much in praise of this method of treatment.

TEETH!

Beautiful teeth are a luxury few possess. We have heard people say they would give anything for a set of such beautiful teeth as we and so on.

There is a secret in not so much in the perfection of the teeth as in the way like whiteness and the brilliant polish.

All teeth are capable of this with proper care. Washes and pastes should be avoided as they are injurious as are also means of the dentists. A properly prepared powder, however, is the only right and perfect thing to cleanse and preserve the teeth. This we have succeeded in doing after much labor and expense. The formula is by one of the most noted dentists of this country and is absolutely perfect.

SAPOLIO is the name we have adopted for it, and we are the exclusive owners and manufacturers. We guarantee Sapolio to be the only perfect tooth powder on the market. It will prevent decay, tender the teeth, cure (beneficial) with less trouble than any other preparation to be had.
